### \*Long Arm Quilting Pricing:

Our prices are based on the size of your quilt and complexity of the pattern.

We charge by the square inch. To figure the square inch of your quilt top, measure the width and the length and multiple them together. This will give you the total square inches of your quilt. Then multiple the total square inches by the type of quilting you request. Example: A quilt which measures 60 X 72 = 4320 square inches X .02 (2 cents per square inch) = \$86.40.

We charge by the square inch in 2 different categories.

1. Edge to Edge - 2 cents per square inch
2. Custom – 3 cents per square inch

1. **Simple Edge to Edge** over your entire quilt – This is one simple pattern over your entire quilt with one thread color.

2. **Custom** – This is a combination of a simple overall design along with some custom border, sashing and or block design with one thread color.

\*Above prices do not include batting and thread charges. Thread charges are \$2.00 per bobbin used.

### Quilt top preparation:

To assure a quality finished product and minimize your cost, please follow these basic guidelines:

- Your top must be clean, pressed well making sure all seams are pressed flat, points and threads clipped and removed or they may show through later. Please remove pins or basting threads.
- Make sure the quilt top is pressed and lays flat to prevent puckering.
- Square-up and trim quilt top to its final size—measuring the same amount in 3 places in both directions.
- Measure and press backing fabric—it should measure 6-8 inches larger than your top.

Pressing quilt top or backing – \$10.00 (We typically do not iron the backing unless it's wrinkled and is needed)

Removing threads from quilt top – \$10.00 per quilt top.

Piecing backing fabric - \$10.00 per seam

### Backing –

Your backing needs to be 6 inches (3 on each side) inches wider and 6 inches longer (3 on each end) than your quilt top. There is an additional charge for seaming the back and ironing or other work needed before quilting.

## **Batting -**

Quality batting is available and can be purchased from Bee Quilty for best results. We offer 80/20 batting --- 80(cotton) 20(polyester).

- **80/20** (80% cotton & 20% polyester)
  - White @ \$ 9.99 per yard

Charge for seaming the batting (\$10.00 per seam charge)

## **Thread -**

There are many colors and types of thread to choose from. We will consult with you on what will compliment your quilt top. There is a nominal fee for thread charge, \$2.00 per bobbin. (Typical thread charges for a queen-sized quilt is approximately \$8.00 for a simple overall Edge to Edge pattern using one thread color.

## **Binding**

**We also provide Binding services at 2 different levels.**

1. You provide the binding fabric, we make the binding and **machine sew on the front** with mitered corners for 10 cents per linear inch( $\text{Length} + \text{Width} \times 2$ ), then you finish sewing to back.

2. You provide the binding fabric, we make the binding, machine-sew on the back with mitered corners and machine stitch on the front for 20 cents per linear inch( $\text{Length} + \text{Width} \times 2$ ).

## **Quilt Trimming -**

**If we are not binding your quilt when completed,** Quilts can be trimmed for a \$10 fee. Let us know how you like it trimmed – at the edge, or  $\frac{1}{4}$ " beyond the edge for batting fullness in the binding.

## **Shipping information -**

We can ship via UPS or USPS ground with insurance. Shipping costs can vary depending on location TBD.

An estimate would be given before shipping costs are incurred.

## **Payment -**

Payment needs to be completed when your quilt is delivered. We accept paypal, credit/debit cards and venmo.

\*\*\*NOT accepting quilts made with Polyester batting, polyester backings, or made of denim.
